Dear Dr. Ginocchio –

Thanks for your note. There will be a trade paperback version of Case Closed, scheduled for a September publication from Anchor Books (a subsidiary of Doubleday). There are quite a few updates to the book.

As for other useful materials, I do not know if you have access to a CD-Rom for the class, but there is a commercially available CD called "The JFK Assassination" from Medio Co. in California. It's at most major software stores and mailorder houses – it's quite useful since it has some good animation (pro-conspiracy and lone assassin) as well as some key assassination films – Hope this helps! –

Good luck with your course – Sincerely,

GERALD L. POSNER
